

# Sanofi is going even greener!

**We're introducing 100% sustainable packaging for all products shipped in the US.**

**Our new containers have the leaf symbol on top.**

If it's not there, don't worry! We're taking a phased approach.

**Sanofi is committed to helping the planet:**

**eco design**  
for all new  
products by  
2025

**blister free**  
vaccine  
packs by  
2027

**carbon  
neutral  
car fleet**  
by 2030

**renewable  
electricity**  
at all sites  
by 2030

## Our new leaf packaging is:

- 100% sustainable
- Landfill biodegradable  
(Less than 2 years)
- Microplastics free
- Industrial compostable  
(3 to 4 weeks)

To dispose of the container, you can take it to an industrial composting center, compost it yourself if you are set up to do so, or throw it away, since it is **100% biodegradable**.

If the packaging you received does not have a leaf on the lid, please continue to dispose of the container at an EPS recycling facility near you or at a landfill if an EPS recycling facility is unavailable.

Visit [sanofi.com/en/our-responsibility](https://www.sanofi.com/en/our-responsibility), use the **QR code**, or call **1-800-981-2491** to learn more about our commitment to society and the planet that supports it.

# Follow these receiving instructions for temperature sensitive products:

## Step 1: Open your shipment immediately

The products within this shipping container are temperature sensitive and must be protected from prolonged exposure to temperatures outside of their specified range.

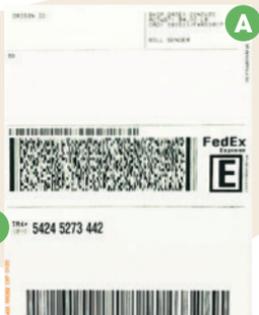

Sanofi has qualified this shipping container and packing configuration to ensure that your products remain within acceptable shipping temperature range for up to 2 days (48 hours in transit).

## Step 2: Check the ship date

Check the ship date on the outside of the shipping container to ensure product was received within 2 days.

If product was received outside the 2-day window, for vaccine orders contact Sanofi Pasteur at 1-800-VACCINE (1-800-822-2463) for all other orders please contact 1-800-633-1610.

- A** Ship Date      **B** Package tracking number

## Step 3: Store products as outlined in the Prescribing Information

Your shipment may include water bottles and/or frozen gel packs, as well as frozen bricks. The type and quantity of water bottles and/or gel packs was determined through extensive testing and is based on your geographical location and the temperature that your shipment may experience throughout delivery.

The water bottles can be unpacked, opened, and the contents poured out. The bottle and cap can be recycled.
