

Sanofi US Supplier Diversity and PRO Unlimited

Staff Augmentation Managed Services Program

PRO Unlimited is Sanofi US' Managed Staffing Service Provider (MSP) and Vendor Management System (VMS). All staff augmentation firms that support Sanofi US will work through PRO Unlimited.

Thank you for your interest in working with Sanofi US.

PRO delivers a full range of services to manage issues related to the procurement, selection, engagement and tracking of contingent (non-employee) workers. Each year, it works with hundreds of contingent workers across the country on Sanofi US' behalf.

PRO Unlimited's solution helps Sanofi US reduce costs and addresses critical issues including: Supplier Management, Worker Classification, Lifecycle Tracking, Co-employment, Headcount & Expense Tracking, Diversity Reporting and 1099 Management. Adding vendors to the PRO Unlimited Program is not guaranteed and any new vendors will only be considered as business needs dictate.

For more information and registration with PRO please visit their website:

For any additional questions please contact Paul.Delaney@sanofi.com

All diverse and small business staff augmentation firms interested in working with Sanofi US are requested to register on the Supplier Connection registration portal, this way, we have access to your business information if a need becomes available:
